TOP GEAR

The greatest gear, gadgets and gizmos we could find

Tomos GB Moped

Get into the leisure lane. Get into the zone. In fact, get into all zones. Rediscover the journey as part of the destination. There is no timetable. Just time. Time for a breath of fresh air. Time for a Tomos. Choose the Classic XL, in mint green, baby blue, or black.

Say Cheese Instant Slicer

Looking (and sort-of functioning) like a classic Polaroid Camera; simply drag this gadget over the top of your favourite fromage and watch as the slices begin to develop. You can now transform that cold, hard block of Red Leicester into a stack of delicious cheesy memories.

£9.99 - www.firebox.com

Robocup

Constructed from a superhuman hybrid of flesh, steel and ceramics; the stern, unwavering mouth of Alex Murphy (AKA Hank Hill) commands the respect of all those who cross him. So fill yourself up with steaming hot beverages and soothe your haunting repressed memories, ready to single-handedly clean up the crime-ridden streets of Detroit.

Scrubba Portable Washing Machine

Grubby holidaymakers, backpackers and festival-goers rejoice - you can now wash your clothes on the go, wherever you like, for free! Just sling your filthy draws into this spacious rubberised bag, add water and detergent, then seal it up and use the internal flexible washboard covered with plastic scrubbing nodules to gently massage the grime out of your clothes. In just a few minutes of rubbing you can achieve results as good as an actual washing machine - without dragging one around with you.
